ABOUT ME

Detail-oriented and enthusiastic Web Developer with 1 year and 8 months of experience crafting responsive, high-performance websites and eCommerce platforms. Proficient in WordPress, WooCommerce, and React, with hands-on expertise in converting Figma designs into clean, pixel-perfect, and responsive WordPress websites. Adept at optimizing performance, writing maintainable code, and delivering scalable solutions. Passionate about UI/UX, SEO, and collaboration across design and development teams.

WORK EXPERIENCE

MindMade Technolgies - Web Developer

JULY 2023 - PRESENT

Currently working as a Web Developer, focusing on building high-quality, scalable, and user-centric eCommerce websites. Core responsibilities and contributions include:

- **WordPress & WooCommerce Development:** Designed and developed custom WordPress-based eCommerce solutions using WooCommerce, ensuring performance, scalability, and intuitive user experiences..
- **Figma to WordPress Conversion:** Translated Figma UI/UX designs into pixel-perfect, responsive WordPress websites with clean and maintainable code.
- **Responsive & SEO-Friendly Design:** Developed mobile-first websites optimized for SEO, boosting visibility, improving load speeds, and enhancing user engagement across devices.
- **Server-Side & Hosting Management:** Handled deployment and maintenance through cPanel, Bluehost, and FTP. Managed domain pointing, SSL setup, backups, and site migration.
- **Cross-Functional Collaboration:** Worked closely with UI/UX designers, content teams, and marketers to ensure alignment with business goals and timely project delivery.

KEY HIGHLIGHTS

- Experience with server-side tools like cPanel and Bluehost, enabling seamless deployment, maintenance, and troubleshooting of WordPress websites.
- Successfully handled full-cycle WordPress website setup – from local development to live deployment.
- Assisted in domain setup, email account configuration, database export/import, and performance tuning at the server level.
